MEMORANDUM FOR: Mr. Houston

SUBJECT : Proposed Legislation

1. Attached is an outline of the legislation which I think would be useful to this Agency. I have talked with [redacted] of Security concerning the general approach. He is enthusiastic, but has not thought through just how necessary or useful to Security several of these suggestions would be. I have more legal material in support of the various proposals than is included in the outline, which is designed to give you an idea of the problems and background.

2. Upon deciding which approaches are feasible, politically and practically from the point of view of the Agency as a whole, we can confer with Security as to the value of our definite recommendations.
